	Viewer	Builder	Lite	Enterprise
Parts on Demand - 1 million parts				
- Build parts purchased/downloaded	preview	\$1 / Part	-	✓
- Output parts purchased/downloaded to CAD and/or 3D	-	\$1 / Part	-	✓
IPC-7351 Compliant	✓	✓	✓	✓
Rotate or Mirror component & Footprints	✓	✓	✓	✓
Query Pad Stack and Drafting features	✓	✓	✓	✓
Toggle Layers and change colors	✓	✓	✓	✓
Calculate Surface Mount or Through-hole Footprints	✓	✓	✓	✓
Print datasheet	preview	✓	✓	✓
Automation of Footprints for 24 CAD formats	-	✓	✓	✓
Enter component dimension to automatically generate parts	-	-	✓	✓
Automatically build parts without limit on pin quantity	-	-	✓	✓
Automation of 3D STEP Models	-	✓	✓	✓
Contains adware, connection to Internet required	-	-	✓	-
CAD LEAP™ Technology (Libraries Enhanced with Automated Preferences) - dozens of preferences to auto-rebuild entire libraries	✓	✓	-	✓
Open unlimited selective Preference files	✓	✓	-	✓
Browse FPX Files to View component and footprint dimensions (<i>allow co-workers to browse your personal library</i>)	✓	✓	-	✓
Multiple users can share same Global Preference files	✓	✓	-	✓
Starter Library of 5,000 unique component packages (<i>for use with hundreds of thousands of parts</i>)	-	-	-	✓
Create non-standard parts (<i>asymmetrical, different size/shape pads</i>)	-	✓	-	✓
BOM Builder Service	-	-	-	✓
Utilities (<i>unit, hole/pad size, & axial lead form calculators</i>)	limited	limited	limited	✓
Browse, edit, update FPX library files	limited	limited	-	✓
Batch-build and mass-edit entire CAD libraries in seconds	-	limited	-	✓
Network use, company-wide solutions for team collaboration	limited	-	-	✓
Calculate, create and modify all IPC-compliant footprints you need!	-	-	-	✓
Create customized footprints for unique needs (<i>modify preferences</i>)	-	-	-	✓

Bei Kauf einer neuen PCB Library Expert Pro Version ist eine einjährige Wartung inkludiert - inklusive aller Software Updates, Upgrades, Zugriff auf die Online Bauteilbibliothek, den BOM Builder Service und technischen Support:

- Unbefristete Lizenz: Läuft nicht aus
- 12 Monate kostenlose Updates und Upgrades inklusive
- Einjährige Anschlusswartung für ungefähr 24% des Neukaufpreises möglich
- Einzelne Ausgabeformate für 24 verschiedene CAD Systeme: [Zuken](#), [Mentor](#), [Cadence](#), [Altium](#), [CADint](#), [DesignSpark](#), [DipTrace](#), [EAGLE](#), [KiCAD](#), [McCAD](#), [Pantheon](#), [Proteus](#), [Pulsonix](#), [SoloPCB](#), [TARGET 3001!](#), [Ulitboard](#), [Librarian](#), ...
